

Advanced Open Water

Anyone with a valid Open Water Scuba Certification can sign up for this course. This course focuses on expanding your core diving skill set by applying dive theory to real life diving scenarios. It is designed to provide the novice diver with a structured, well-supervised means to gain a variety of practical experiences necessary to increase diver skills and confidence.

This course will allow you to participate in various diving activities that will broaden both your capabilities as a diver, and awareness of the underwater environment. You will be expanding your diving horizons into Compass and Natural Navigation, Deep Diving, and 3 Elective Dives which your Instructor will choose.
